Services you provide:

Additional Notes:

COMPLETE THIS SECTION ONLY IF YOU PROVIDE SNOW AND ICE REMEDIATION SERVICES

List equipment used for snow and ice remediation services (4x4 pickup, loaders, backhoe loaders, skid steers, ATV's etc...)

Will laborers be your own full-time or part-time employees?

You will be responsible for visiting your assigned site(s) for ice watch following storms or inspecting for snow pile runoff and re-freeze, and yet there may be times that no remediation is required.

Do you understand this?

Yes No

Do you intend to use the same operators for each storm on a particular site?

SMALL SITE

Although you have a small site, do you have access to skid steers, backhoes or loaders in the event you have a large snowfall requiring snow relocation?

LARGE SITE

Do you need to subcontract backhoes and loaders?
